

## Official Communication

**COVID-19**

**Item : 01**

### equissima® Team Information

Concerned by the magnitude of the COVID-19 pandemic and vigilant about its evolution, the equissima® Organizing Committee is constantly analyzing the general context, in close collaboration with the political and sporting authorities and with all the actors involved in the organization of the event.

To date, maintaining equissima® from September 4 to 6, 2020 has not been compromised. The team therefore continues its preparatory work, with hope and humility, in order to deliver the best possible event.

In parallel, a crisis management team has been formed to assess the consequences of the COVID-19 and its influence on the hosting of the event. The decision to maintain or cancel the 2020 edition will be taken no later than Monday June 15, 2020.

The equissima® team wishes to express its gratitude to those who, directly or indirectly, are participating in the collective effort against the pandemic.
